CLUB SPORTS

WHAT ARE CLUB SPORTS?

Club Sports are classified as a Recognized UCCS Club. UCCS Club Sports being Recognized Clubs and are for all purposes a part of UCCS. Recognized Clubs are governed by and responsible for following all University Standards and Policies and processes, including financial and administrative responsibilities for its activities. A Recognized Club operates under UCCS's Tax Identification Number (TIN) or CU Foundation's TIN and its activities are considered department activities. General Administrative Recharge (GAR) is a tax rate of 8% that applies to all purchases and requires annual reporting. Recognized Clubs also receive the following University benefits:

- The use of "UCCS" in the club name
- The use of the UCCS logo

Club Sports provide students positional roles of leadership as employees or official volunteers of UCCS. Departments fully support the success of the student club through supervision of its members, professional development, mentoring and advising. Club Sports are comprised entirely of UCCS students (not including coaches or volunteers) or as determined by the department.

Other options for student organization classification are Registered Student Club/Organizations (RSO). Registration is simply a means by which student organizations may apply to receive standard privileges granted when certain minimum requirements are met. Registered Student Organizations require a Faculty/Staff Advisor and should reference the Student Life "Club & Organization Handbook" for all information on the Registration, Renewal and Recognition process outside of the Club Sports Program. Student organizations are expected to maintain alignment with UCCS's mission and exemplify the principles of honesty and integrity, and respect of diversity, while always acting in good faith in the business dealings of the organization. Except as specifically identified in this policy or expressly written in any

sponsorship agreement, the University does not control or accept responsibility for the activities nor endorse the programs of student organizations. Student organizations shall not misrepresent the mission, purpose or goals of the student organization. UCCS maintains the right to rescind registration and/or not register a student organization that, in the sole judgment of UCCS, does not further the educational mission of UCCS.

There are two classifications of Student Organizations through Student Life. A Registered Student Organization and a Recognized Student Organization. Once a Club/Organization is accepted into the Club Sports Program they become classified as a Recognized Student Organization.

ORGANIZATION AND STRUCTURE

GET ORGANIZED

All of the officers of the club need to meet and get organized. The best way to do this is to define the roles of all of the officers in the club together. The following are examples of officer roles that you may want to use for your club, however, you are strongly advised to build your club to best suit your needs:

President

- Provides the overall direction to the club
- Overseeing the work of the other officers and ensuring they work together as a team
- Serves as a liaison between the club, its faculty advisor, and Campus Recreation
- Schedules and runs organizational meetings
- Monitors the activities of the club, ensuring compliance with UCCS Policies and Procedures affecting the club as well as the club's constitution
- Provide the Coordinator with semester and annual reports on club activities

Vice President

- Acts in place of the president when necessary
- Oversees committee chairpersons and the work of the committee
- Often heads special projects/committees such as fundraising drives, tournament arrangements, publicity and promotion campaigns, etc.

Secretary

- Handles club correspondence such as match and tournament scheduling with other schools and teams or communication with conference and association personnel
- Maintains membership lists
- Maintains all club files and records
- Keeps the membership informed of upcoming events, and distributes meeting minutes and other pertinent information to the membership

Treasurer

- Manages and records all financial transactions of the organization
- Keeps detailed records of the club's financial transactions
- Establishes the annual budget for the organization in consultation with other club officers
- Reports the financial status of the club to the membership

Note: These are very basic role definitions and should be tailored to your particular needs. Many clubs may want to have an officer for fundraising or for race/tournament/game coordination.

Once you have defined all of the officer's roles for your club, create a task list for each officer. This will give the individual officers precise responsibilities to the club. The following list is only an example of possible duties which could be assigned to different officers, you are strongly encouraged to develop your executive responsibilities to best suit your club's needs and to work together as a team:

- Recruit new members – all officers/coordinated by President
- Coordinate and run club meetings – President
- Take meeting minutes - Secretary
- Set up competition schedule for the term or the year – Vice President
- Set up practice location and times – Vice President
- Run practices – President or Coach
- Coordinate travel to/from competitions - President
- Fundraising – Vice President
- Attend club officer meetings – President, Vice President, Secretary, Treasurer
- Purchase needed equipment – Treasurer
- Collect dues and deposit into earned account – Treasurer

In addition to a task list, develop a list of goals the club would like to accomplish over the year and develop a plan and timeline for how to successfully complete those goals together. An example is shown below:

Goal:

For the 2021-22 school year, it is the goal of our club sport to maintain a year-long membership of 20 participants.

Steps to reach this goal:

- Contact all members of last year's club to see if they are still interested in participating. (September 30th) - Secretary
- Market the club by using flyers, brochures and advertisements approved by the Manager of Sports and Youth Programs (October 21st) – Vice President
- Establish an attendance requirement for those participants who wish to compete or travel. (All year) – President

Student organizations should not view membership in the Club Sports Program as an avenue to recognition or facility access. Funding, administrative support and facility access are not guaranteed and more appropriate avenues for those items may exist elsewhere.

The University of Colorado Colorado Springs is committed to providing an environment where all individuals can achieve their academic and professional aspirations free from unlawful discrimination or harassment based on protected class status. Further, it is critical to this commitment that anyone who believes they may have been the target of protected class discrimination or harassment in the context of University educational programs, activities, or employment, to feel free to report their concerns for appropriate investigation and response, without fear of retaliation.

The University prohibits unlawful discrimination and harassment based on protected class and related retaliation. The University defines “protected classes” to include the following: race, color, national origin, sex, pregnancy, age, disability, creed, religion, sexual orientation, gender identity, gender expression, veteran status, political affiliation or political philosophy. This prohibition applies to all students, faculty, staff, contractors, patients, volunteers, affiliated entities, and other third parties. The University will consider what appropriate potential actions should be taken, including contract termination and/or property exclusion, regarding third party conduct that is alleged to have violated this policy; however those options may be limited depending on the circumstances of the arrangement.

Reporting a Complaint of Protected Class Discrimination or Harassment:
 An individual may make a complaint of or report alleged protected class discrimination or harassment to the Office of Institutional Equity (“OIE”), including the Title IX Coordinator or designee. More information can be found at [here](#).

This notification should maintain the Club Sport member's confidentiality. Under no circumstances will a Club Sport member's identity be disclosed without the student's expressed written permission.

All discussion among involved parties and requiring written supporting documents should be kept confidential, unless the student makes specific written requests otherwise. All information about an individual student's gender identity and medical information shall be maintained confidentially and in accordance with applicable state, local and federal privacy laws. FACILITIES

All individuals using UCCS and Campus Recreation facilities; whether visiting athletes, Club Sport members, or other participants, shall have access to the changing, shower, and toilet facilities in accordance with their gender identity and gender expression.

CLUB SPORTS MEMBERS PARTICIPATING IN INTRAMURALS

The following guidelines have been established by the Intramural Sports Program regarding intramural participation by Club Sports participants. Club Sports members are expected to know these guidelines and to follow them:

- Club Sports members include UCCS students and coaches registered on the Fusion IM club roster.
- Any member of a club sport may participate in the Intramural Sports Program following the guidelines listed below for the same sport or its related activities (e.g. football/flag football; baseball/softball):
 - a) All Intramural Events which are restricted to **two club** members on their intramural roster.
- An individual is considered to be a club member if their name is listed on the club roster on Fusion IM, the person attends more than four club practices in any given term, participate on the traveling team/roster, or in other club related activities for the entire school year they participated in.
- Club Sport coaches are considered club members for Intramural Sports participation. For the purpose of gender determination in Intramural Sports, a Club Sport coach's expressed gender identity is used to determine their eligibility, not the gender of the club they are coaching. For example, if the Women's Water Polo coach identifies as a man, they will be considered a man when determining their eligibility in Intramural Water Polo.
- See the 'Intramural Sports Policy and Procedures' section on the website for all Intramural Sports policies and procedures around Intramural eligibility.
- Enforcement is at the discretion of the SYP team.

CLUB SPORTS CODE OF CONDUCT AND WAIVER OF LIABILITY

Club Sports participants are required to fill out a participation Registration through the Club Sports website at or before participating at any club practices, callouts, etc.

ONLINE REGISTRATION

Club members can register to participate with a Club Sport by completing the player Registration on the Campus Recreation website. Please reference the following the steps to "join a club" online at: <https://www.uccs.edu/recwellness/campus-rec/club-sports/join-a-club>

CLUB CONDUCT

The basic concept underlying UCCS Club Sports Program’s standard of conduct is that students, by participating, are assuming an obligation to conduct themselves and their organizations in a manner compatible with the University's mission and exemplify the principles of honesty, integrity, and respect of diversity. Individuals must always act in a way which does not detract from the reputation of the University, both on and off the field of play. Failure of Club Sports and individuals to adhere to a responsible standard of conduct will result in disciplinary action set forth by the Club Sports Executive Committee.

The University of Colorado Colorado Springs Club Sports members are obligated to abide by all policies, rules, and requirements of the University: [UCCS Policies](#)

CODE OF CONDUCT AGREEMENT

The Code of Conduct Agreement and the University of Colorado Colorado Springs (UCCS) Student Code of Conduct serve as a guideline for how individuals are expected to behave when participating in UCCS Club Sports sponsored or endorsed activities. All club members participating in an event sponsored or endorsed by UCCS are representing their club and the University at all times. Club Sports members are expected to represent themselves and their club with sportsmanship-like and moral behavior before, during, and after any club sport activity. Through the Club Sports Player Registration process each participating member will agree to the Club Sports Code of Conduct prior to participation.

Student Code of Conduct Policies and Procedures:

<https://www.uccs.edu/dos/sites/dos/files/inline-files/Offical%20Code%20of%20Conduct%20Update%202.18.18.pdf>

Examples of inappropriate behaviors include but are not limited to the following:

CODE OF CONDUCT GUIDELINES

- Violate any traffic violations when traveling to competitions

(These actions, when based on race, color, national origin, religion, age, disability, marital status, sex, sexual orientation, or gender identity are among the forms of prohibited behavior.)

- Loss of funding, facilities, practices or competitions
- The removal of offending team members and restriction from future participation, for at least a specified period of time

- Participation in a team building workshop or other required educational activities or programs of community service

Team Responsibilities will include:

- Ensure that all team members adhere to the Code of Conduct Agreement.

The Clubs Sports Executive Committee will decide all disciplinary actions against clubs that violate this agreement. Depending on the severity, incidents may be forwarded directly to the UCCS Dean of Students Office.

STUDENT RESPONSE TEAM POLICY

UCCS has established a Student Response Team to address and respond to student behaviors of concern. The Student Response Team (SRT) will assess and coordinate responses to student behaviors of concern. The SRT has the authority to respond and coordinate intervention to all student behaviors of concern.

The University of Colorado has identified student behaviors of concern as those which reflect that a student is in distress or is threatening or disruptive to the UCCS community, including:

1. Behaviors that indicate a student may be at risk of harming others
2. Behaviors that indicate a student may be at risk of harming himself/herself
3. Behaviors that indicate a student is unable to satisfy professional or ethical standards related to his/her field of study;
4. Behaviors that make teaching, learning, and living difficult for others in the campus community
5. Behaviors that interfere with a student’s ability to learn and/or live well

Full Student Response Team Policy can be found [here](#).

BULLYING PROCEDURE

To review the full policy, please go to the page.

UCCS is committed to maintaining a working, learning, and social environment in which the rights and dignity of all the staff, faculty, and students of the University community are respected. Among the many things we do to maintain such an environment, the University prohibits behaviors that rise to the level of bullying as described below.

Although media reports often call unwanted, aggressive behavior among young adults "bullying" this is not exactly accurate. Many state and federal laws address bullying-like behaviors in this age group under very serious terms, such as hazing, harassment, and stalking. Many of these behaviors are considered crimes under state and federal law and may trigger serious consequences after the age of 18.

Victims of bullying suffer from a wide range of psychological and school-related problems, including depression, anxiety, low self-esteem, chronic absences, and trouble concentrating. If

you or someone you know is a victim of bullying, you are not alone. There are a number of resources you/they can use to get help. To learn more, see the links below that will provide more information about bullying in general and the resources that are available.

Bullying is generally defined as an intentional act that causes harm to others, and may involve the following:

- Verbal harassment
- Verbal or non-verbal threats
- Physical assault
- Stalking
- Or other methods of coercion such as: manipulation, blackmail, or extortion.

It is aggressive behavior that intends to hurt, threaten or frighten another person. An imbalance of power between the aggressor and the victim is often involved. Bullying occurs in a variety of contexts, such as schools, workplaces, political or military settings, and others.

Cyberbullying is bullying that takes place using electronic technology. Electronic technology includes devices and equipment such as cell phones, computers, and tablets as well as communication tools including social media sites, text messages, chat, and websites.

Examples of cyberbullying include:

- Mean text messages or emails
- Rumors sent by email or posted on social networking sites
- Embarrassing pictures, videos, websites, or fake profiles

Concerns about violations of this policy can be directed to the University's Office of Equity for consultation and possible investigation.

More information about the dynamics and effects of bullying is available through the [Public Safety Bullying Site](#)

HAZING PROCEDURE

Hazing. Any activity by which a person recklessly endangers the health or safety of or causes a risk of bodily injury to an individual for purposes of initiation or admission into or affiliation with any student organization regardless of their willingness to participate. Hazing includes but is not limited to:

- Forced and prolonged physical activity.
- Forced consumption of any food, beverage, medication or controlled substance, whether or not prescribed, in excess of the usual amounts for human consumption or forced consumption of any substance not generally intended for human consumption.
- Prolonged deprivation of sleep, food, or drink.
- Humiliation and degradation.

To review the full policy, please go to the hazing section of the [Student Code of Conduct Policies and Procedures](#) page.

SEXUAL MISCONDUCT POLICY

Sexual misconduct: Means the following unwelcome conduct based upon an individual's sex or gender - sexual assault-non-consensual sexual intercourse, sexual assault - non-consensual sexual contact, sexual exploitation, sexual harassment, intimate partner abuse, gender/sex-based stalking and any related retaliation.

Sexual misconduct, as defined below, is a form of sex discrimination. The University of Colorado ("University") is committed to providing an environment where all individuals can achieve their academic and professional aspirations free from sex discrimination. Further, it is critical to this commitment that anyone who may have been the target of or has experienced sexual misconduct in the context of University educational programs, activities or employment, to feel free to report their concerns for appropriate investigation and response, without fear of retaliation. To foster a climate that encourages prevention and reporting of sexual misconduct, the University will provide prevention efforts, educate the community, respond to all reports promptly, provide interim protection measures to address safety and recognize the inherent dignity of all individuals involved.

The University prohibits any of the following, collectively referred to as "sexual misconduct," and further defined in the Sexual Misconduct Policy

(1) Sexual assault - non-consensual sexual intercourse; (2) Sexual assault - non-consensual sexual contact; (3) Sexual exploitation; (4) Intimate partner abuse (including domestic or dating violence); (5) Gender/sex-based stalking; (6) Sexual harassment; and (7) Retaliation as related to any form of sexual misconduct in subsections A (1)-(6).

This prohibition applies to all students, faculty, staff, contractors, patients, volunteers, affiliated entities and other third parties, regardless of sex, gender, sexual orientation, gender expression or gender identity. Any violations may be subject to disciplinary action, up to and including, expulsion or termination of employment, as applicable. The University will consider what appropriate potential actions should be taken, including contract termination and/or property exclusion, regarding third party conduct that is alleged to have violated this policy; however those options may be limited depending on the circumstances of the arrangement.

This prohibition applies to conduct that occurs on campus. It also applies to off-campus conduct, including on-line or electronic conduct, if the conduct (1) occurred in the context of an employment or education program or activity of the University or (2) has continuing adverse effects on campus. The University takes prompt and effective steps reasonably intended to stop any form of sexual misconduct, eliminate any hostile environment, prevent its recurrence and as appropriate, remedy its effects

Assistance, support and reporting for issues of sexual misconduct and other grievances will go through the [Office of Institutional Equity](#)

[Complete Sexual Misconduct Policy](#)

AMOROUS RELATIONSHIPS POLICY

The University Amorous Relationships Policy can be found [here](#).

Amorous relationships will sometimes develop between members of the University community, whether faculty members, students, administrators or staff. This policy requires that direct evaluative authority not be exercised in cases where amorous relationships exist or existed within the last seven years between two individuals, whether of the same or opposite sex.

Problems often arise with amorous relationships in situations where one party is the supervisor and the other the supervisee. In such situations the integrity of academic or employment decisions may either be compromised or appear to be compromised.

Further, amorous relationships between parties of unequal power greatly increase the possibility that the individual with the evaluative responsibility, typically a supervisor or a faculty member, will abuse her/his power and sexually exploit the student or employee. A relationship which began as consensual, may in retrospect be seen as something else by one or both of the parties.

Moreover, others may be adversely affected by such behavior because it places the faculty member or supervisor in a position to favor or advance one student's or employee's interest at the expense of others and implicitly makes obtaining preferences contingent upon romantic or sexual favors. This policy, consequently, is intended to:

- (1) establish a reporting structure to protect participants in these relationships from violations of University conflict of interest guidelines; and
- (2) provide direction concerning how to terminate evaluative responsibilities between the two parties in the reported relationship.

DISCIPLINING CLUB MEMBERS

Clubs can:

- Comply with disciplinary rules set by the club in regard to participation (i.e. game suspensions and participation levels in specific events/games).

Attendance is required of at least three club officers, as the time is also used for individual clubs to discuss their goals and organize for the coming year.

MONTHLY OFFICER MEETINGS

These meetings are an opportunity to hand out information, answer questions, and check in with each club sport. Staff will be responsible for facilitating these meetings, which will be held once per month during the academic year and will typically last one hour. Staff will schedule monthly meeting times based on officer availability that will require the most attendance among the club officers. If the majority of officers cannot be in attendance for a scheduled meeting, they must contact the Club Sports Programs Staff to reschedule. Clubs failing to do so are considered unexcused and will face disciplinary action.

At the end of the meeting staff will run through a check-list of items with the clubs.

CLUB SPORTS ADVISORS AND COACHES

FACULTY/STAFF ADVISORS

Faculty/Staff Advisors are recommended for Club Sport teams but are not generally required. The advisor's role gives faculty and staff a unique opportunity to interact with students in a co-curricular learning environment that encourages respect, fun, and openness, creating an exciting sport experience. Any full-time member of UCCS faculty or staff can become a Faculty Advisor to assist clubs. The Faculty Advisor's role will vary depending on the student organization, the size of the club, and its stage of development from a newly founded club to one that is well established. They may act as a mentor, friend, resource, an assistant with activity or fundraising planning, listener, facilitator, and advocate for the group. Depending on the nature of the club activity and needs of the club, the Club Sports Programs Office may require a Faculty/Staff Advisor.

Fortunately, the Faculty/Staff Advisor generally does not act in all these roles at the same time. For instance, some student clubs, like newly formed clubs, will probably need someone to take a role of teacher providing guidance, leadership development, and experience that will benefit the club's establishment and continual growth with the University. Others will need an advisor able to act as a resource of information and a coordinator of transition between leaders by offering clubs a sense of continuity from year to year.

The Faculty/Staff Advisor should participate and lend their support as much as possible to the clubs. The "ideal" advisor is aware that she/he is often seen as a role model, resource of experience and knowledge, provider of University policies and procedures, consultant for the decision making process, and more importantly, sense of mature continuity that will help clubs reach their full potential. Faculty's experience and expertise are an invaluable resource for clubs to help define and shape plans, activities, and goals that are effective and realistic and reflect favorably on the University.

The faculty/staff advisor is considered a valuable link and resource between the club and University.

BENEFITS OF A FACULTY/STAFF ADVISOR

- Supporting a co-curricular learning opportunity to benefit both students and yourself.
- Creating and building relationships with students outside the classroom or work.
- Helping students develop and mature in leadership, responsibility, accountability, and life skills.
- Being part of a team atmosphere.
- Helping students realize their potential as an individual and as a club.
- Continuing the Club Sports Program legacy at UCCS.
- Bridging the academic and co-curricular experience together.

SUGGESTIONS ON ESTABLISHING THE COMMUNICATION AND EXPECTATIONS:

- Be supportive, a resource person.
- Attend events, competitions, and meetings as much as possible.
- Have respect for club members by limiting control. Allow students to run the organization and to make their own way up to the point beyond which failure is inevitable, but do your best at that point to help them understand failure.
- Be accountable and available.
- Provide continuity and stability as student leadership changes.
- Provide an “outside” point of view or perspective.
- Serve as a resource on University policies and procedures.
- Provide your group with connections.
- Help club through organizational conflicts and issues.

EXPECTATIONS FROM STUDENT CLUB SPORTS TO ADVISORS:

- Discuss expectations of the advisor’s role with the advisor.
- Continually keep advisor updated on all meetings, events, issues, and club activities.
- President should meet often with the advisor to discuss club matters and update advisor on club activities.
- Responsibility for the success and failure of a club rests ultimately with the club and its members, not the Advisor.

CREATING GREAT STUDENT STARS:

- As an advisor, there are many things you can do to help these students become stars for their clubs but some of the most important things you can do are the small things.
- The following will create positive energy for the club:
 - Smile and say thank you.
 - Attend games, matches, shows, races, and involvement fairs.
 - Write a letter of recommendation.
 - Attend fundraising efforts.
 - Attend the Annual Club Sports Banquet.

Finally, it is important for both parties to understand that their roles within the club represent only a small portion of their lives. The student member is first and foremost a student, and the advisor is a university faculty or staff with a variety of responsibilities. To acknowledge and understand the role and expectations of both groups is important. Remember to **HAVE FUN!!**

Students and staff are thankful for Faculty Advisors taking the time to participate with the Club Sports Program. This role is instrumental in helping students and the clubs grow, develop, and learn real life leadership skills for the future. Your support, as a faculty advisor, will not only help the clubs succeed, but more importantly, create an exciting learning opportunity through recreation that everyone involved can enjoy and appreciate.

COACHES

Club Sports and their membership may desire to seek the assistance of a coach. **It is imperative that the coach maintains the same philosophy of the Club Sports Program's mission statement.**

Coaches have many opportunities to provide a positive influence on student development (skill, leadership, social, and safety) through games, practices, and club activities for club members. Some club sport teams elect to pay their coaches an agreed upon amount and some are strictly volunteer. Coaches are not considered employees of University of Colorado Colorado Springs, instead they are considered either volunteer or an independent contractor (if getting paid). Depending on the nature of the club activity and needs of the club, the Club Sports Program may require a Coach.

ELIGIBILITY OF A CLUB SPORTS COACH

1. Interested individuals must have the necessary expertise within the sport.
2. Individuals that work for UCCS (student employees included) are not eligible to be a Club Sports coach if their job duties are the same as their regular job functions. For more information, see <https://www.cu.edu/docs/scope-work-sow-form>

PROCESS

- Clubs must make the SYP office aware they are searching for a coach prior to beginning the search process.
- Clubs search for a suitable coach for their team.
- Coach needs to be approved by the club officers, club members, and the Manager of Competitive Sports.
- A Club Officer must enter the Coaches information into the Intent to Secure Coach form on the Officer Resources webpage under the Coach section.
 - a. Club Sport Manager will email coach and officers to set up an in person meeting where the following will be taken care of:
 - ❖ Expectations
 - ❖ Background Check
 - ❖ Discrimination and Harassment Training date set
 - ❖ Scope of Work form (Paid Coaches)
 - ❖ CU Vendor request sent via email
- Coaches must review the online mandatory Coach's Training and submit the required quiz to the Sports and Youth Program office (sports@uccs.edu)
- If a coach is paid, club officers must submit a financial plan detailing:
 - a. How the club came up with the amount of payment

- b. How the club will be able to financially sustain itself given the cost of paying the coach
 - c. Measurable outcomes that the coach will deliver
- Coaches must receive a passing grade on the quiz prior to participation with a Club Sport.
- Coaches complete the following on the [Officer Resources page](#) under the Coach section:
 - a. [Coaches Agreement](#)
 - b. Coach Waiver – Select Volunteer or Paid Waiver depending on nature of appointment with club.
 - c. [CSA Training](#)

At the end of the season/year, the club, the coach, and the Club Sports staff will review the volunteer expectations for possible renewal of the relationship for the next school year.

COACH CAMPUS RECREATION ACCESS

Club Sports Programs staff will add approved coaches to the Campus Recreation access list. Coaches on the access list will be able to access Campus Recreation facilities for the sole purpose of performing the duties of their coaching position, not for general recreation. Coaches will be required to show photo identification to enter the building to perform assigned duties (practices, games, etc.)

Volunteer coaches are eligible to receive a volunteer parking pass for easy access to facilities. Contact Club Sports staff to apply for this benefit.

As another added benefit, all Club Sport Coaches may also choose to purchase a Campus Recreation Center membership to secure access to all facilities and programs available through membership. To pursue this option please email the Manager of Competitive Sports for more information.

COACH EXPECTATIONS

The role of the coach is to work with the club’s officers to achieve the short and long term goals of the organization. Coaches should endeavor to develop and improve the skills of the student athletes in the club. Coaches must allow and encourage the club’s elected leaders to manage the club’s regular activities. Due to the Club Sports Program’s emphasis on student leadership, participation and development, the role of the coach is solely to coach/mentor and not to administrate.

Coaches must successfully meet the expectations outlined in the [Coaches Agreement](#).

Campus Recreation and the Club Sports Program has the right and obligation to protect the club by relieving any coach from their position if they are not deemed to be working in the best interest of the club. The dismissal of the coach is not subject to appeal.

CLUB SPORTS PRACTICES

PRACTICE REQUESTS

Practice Availability forms for the following semester will open in the middle of each semester. Clubs will have three weeks to submit a practice request schedule after the practice availability opens. Once those three weeks pass, all clubs will use the [Practice Request form](#) located on the Officer Resources page to request any additional practices. Please keep in mind the Club Sports Program may not always be able to meet your first preference for practice facilities and times each term due to the department's and other campus facilities being heavily used. Once practices have been approved, they will be posted on the Club Sports Calendar located on the Club Sports webpage.

No practices are allowed during finals week.

Club Sports page: <https://www.uccs.edu/recwellness/campus-rec/club-sports>

STAFF RESPONSIBILITY

As the practice requests are submitted, the staff will check off the clubs. When all the practice requests have been received, a program assistant will review the requests and send it on to the facilities staff. The Campus Recreation Program Coordinator of Facilities will then respond to the program assistant by approving or denying the requested practice times based on facility availability. If approved, the Program Assistant will update the [Club Sports Calendar](#) with the practice times and email the club officers about the confirmed approval. If denied, the Program Assistant will email the club officers informing them of the denial and try to find another practice time that complies with the facility schedule.

The Club Sports Staff will periodically check in at club practices to make sure they are appropriately utilizing their allocated spaces and times. Staff will check in with the clubs during the second Monthly Meeting of each semester to confirm whether or not clubs will be practicing during dead week.

- Clubs work with the Competitive Sports Program Assistant to ensure officials, judges, and referees have contracts processed through the Manager of Business Services and the PSC at least 6-8 weeks prior to the event (only applies if clubs are hiring, scheduling, and paying for the services). The Manager of Business Services acts as a liaison in the contracting process when groups want to have non-UCCS guests on campus. The Manager of Business Services oversees the process from start to finish.
- Volunteers must fill out the [General Volunteer Form](#) prior to helping at a club event.
 - After the event (home or away), the club will complete the [Event Debrief Form](#) located in the Officer Resource page within 2 business days after the event. A debrief meeting with Club Sports Programs Staff may also be required.

Note: Club will return all waivers from the event to the Club Sports Programs Staff within 2 days of the event. Failure to do so will result in a Leadership Penalty.

Staff reserves the right to require non-club participants to sign a [visiting team/player waiver](#).

- See minor participation section, if necessary

Club Sports Programs Staff will forward this information to the appropriate Campus Recreation Staff.

YOUTH PROGRAMMING

Club Sports may choose to allow minors to participate in some of their activity. **It is imperative that the club follow the university's youth guidelines. The most up to date Minors on Campus Policy can be found here: https://www.uccs.edu/vcaf/sites/vcaf/files/inline-files/2018-Feb-1_100-019%20Protection%20of%20Children%20and%20Minors%20on%20Campus-APPROVED.pdf.**

PROCESS

- Club will submit the event 6-8 weeks in advance and go through the normal event advising process. Youth programming takes more planning time than a typical club activity, so clubs must plan accordingly.
- The Manager of Competitive Sports will review the activity and assess the risk to the minor group, the club, and the university. The Manager will look for things like who is responsible for the youth that are participating (coaches/parents vs. club), potential for 1 on 1 contact between club members and the participants, appropriateness of the minor group participating in the activity, etc. Depending on the scope of the event, background checks may be required
- All staff and volunteers of the event will be required to attend the Campus Recreation Youth staff training and complete the required forms and quizzes. Any individual who has not attended and passed training will not be eligible to work or volunteer at the event involving minors.
- The parent/guardian must sign the event waiver prior to the individual participating in the event. Depending on the scope of the event, a more in-depth waiver/registration form may be required that includes things like medical and insurance information. The more in depth form is typically used in the “camp” setting.
- 6-8 week minimum planning time is required to host any event involving minors. The greater the lead time in planning the more likely the event will be approved.

BACKGROUND CHECKS

The university provides the opportunity to have individuals complete the background check process. These are only needed for coaches or if the club member(s) will have 1 on 1 contact with minors, or have access to their protected information (address, phone number, etc.).

- Coaches can visit the Officer Resources page to access the background check form. Approved background check forms are required prior to coaches approval to work with the club.
- Clubs will meet with the Manager to determine whether a background check is warranted for individual club members and if so, for which individuals.
- For those individuals identified as needing a background check, the Manager will prep the “Background Release Form” located [here](#). The Manager will fill out section III and the person submitting must complete section IV.
- Once the form is completed it must be submitted to the Competitive Sports desk for the Manager to fill in the remaining information and submit to Human Resources.
- Human resources will process the form and will send notice (satisfactory or unsatisfactory) to the Manager when complete. Human resources will determine who warrants renewal if previous background checks have already been completed.

- The cost for each background check is \$50 for which the club should incur, or otherwise charge the individual who is needing to complete it.

These individuals are paid for their services to the club. The University should not directly pay external vendors for travel, lodging, or food expenses for individuals paid on a Personal Service Contract. These costs should be built into the overall payment and should be arranged and paid for directly to the external vendor by the individual paid on the Personal Service Contract. SPORTS PHYSICAL AND MEDICAL CLEARANCE

Club Sports Program requires all club sport participants to complete a one-time physical examination and medical clearance form turned in no later than two weeks following call outs and/or first organized club practice. ***Failure to complete all pre-participation requirements will result in removal of individual from Club team's roster and ineligibility to participate in any Club related activities.***

The Physical Examination and Medical Clearance form will be available for download on the [Officer Resource page](#) under the Player Physical PDF link.

The Wellness Center provides on-campus Physicals by appointment for a fee. For those choosing to get their physical exam through the Wellness Center, an appointment must be scheduled. Call (719) 255-4444 to make an appointment. Print and bring the Physical Examination and Medical Clearance to your appointment. Upon completing physical exam, **all forms must be turned into the front desk of the Wellness Center OR they may be physically turned into Club Sports Athletic Trainer.**

If conducted by an off-campus provider, club athletes must still use forms located on the [Officer Resource page](#) under the Player Physical PDF link. **All forms can be faxed to the Wellness Center: (719) 255-4446, Attention: Club Sports OR turned into the front desk of the Wellness Center OR they may be physically turned into Club Sports Athletic Trainer**

Physicals submitted to any other location other than the Wellness Center or Club Sports Athletic Trainer will be at risk of being lost or misplaced. Once reviewed, the club athlete will be able to participate in competition and travel.

BASELINE CONCUSSION TESTING

The following sports, based on best practices, require baseline concussion testing:

Baseball	Basketball	Figure Skating
Cycling	Equestrian	
Football	Ice Hockey	
Soccer	Ultimate Frisbee	

Baseline concussion tests are valid for participant's entire career within the Club Sports Program, unless a concussion is sustained which would warrant a new baseline test prior to returning to participation.

All baseline concussion testing will be administered by the Club Sports Athletic Trainer. The Club Sport Officer(s) will contact the Club Sports Athletic Trainer to schedule appointments for testing their team.

The test serves as a baseline reference point for the Club Sports Athletic Trainer in regards to concussion recognition, management and return to play.

CONCUSSIONS MANAGEMENT & RETURN TO PLAY

A concussion is a type of traumatic brain injury – or TBI – caused by a bump, blow, or jolt to the head or by a hit to the body that causes the head and brain to move quickly back and forth. This fast movement can cause the brain to bounce around or twist in the skull, creating chemical changes in the brain and sometimes stretching and damaging the brain cells (Center for Disease Control and Prevention).

The signs and symptoms of a TBI or concussion may include:

When suffering from a concussion or other head injury, Club Athletes must follow the protocol outlined below:

- a) Any athlete suspected of a concussion will be removed from play immediately and evaluated by the Club Sports Athletic Trainer or a *Qualified Healthcare provider who is trained in the evaluation and management of concussions
- b) Any athlete presenting with symptoms of a concussion is not permitted to return to activity on the same day as injury
- c) Recognition and diagnosis of a concussion should be driven by the initial signs and symptoms, cognitive assessment (using SCAT5), balance assessment, and further neuropsychological testing
- d) Cognitive assessment, using the SCAT5 will include assessment of the Glasgow coma scale, Maddocks Score, Standardized Assessment of Concussion (SAC): immediate memory, concentration, and delayed recall, balance testing, and coordination test

- e) Continued monitoring of an athlete evaluated of having a concussion is necessary in order to observe any deterioration of physical or mental status
- f) The athlete will be provided with educational materials in the management and care of concussions
- g) Club Sports Athlete and Club Sports Athletic Trainer will contact the Student Health Center or other healthcare provider to schedule follow-up cognitive exam if:
 - i) Signs and symptoms are not improving
 - ii) Disability Services is needed to assist with academic accommodations
 - iii) Additional post-concussion care/rehabilitation is needed
- h) A medical clearance note must be completed by a qualified Health Care Provider* and given to the Club Sports Athletic Trainer before returning to play

**Qualified Health Care Providers include and only include: Doctor of Medicine, Doctor of Osteopathic Medicine, Licensed Nurse Practitioner, Licensed Physician Assistant, or Licensed Doctor of Psychology with training in neuropsychology or concussion evaluation and management.*

When a Concussion occurs when the Club Sports Athletic Trainer is not present:

- a) Club Safety Officer/Coach will immediately remove athlete from play
- b) The Club Safety Officer will notify the Club Sports Athletic Trainer and complete an Injury Report via Healthy Roster as soon as possible.
- c) The Club Safety Officer will refer to Emergency Services if the athlete experiences any of the following signs or symptoms:
 - Loss of Consciousness
 - Amnesia lasting longer than 15 minutes
 - CNS dysfunction
 - Increasing LOC
 - Decrease/irregularity in pulse and/or respirations
 - Unequal, dilated, or unreactive pupils
 - Seizure activity
 - Mental status change
 - Vomiting

GRADUATED RETURN TO PLAY PROTOCOL

Return to play following a concussion should follow a graded return to play protocol. This protocol should consist of 5-7 stages and take 5-7 days to complete (if there is no recurrence of symptoms). The graded return to play protocol should begin once the athlete has a cessation of symptoms for at least 24 hours. An athlete must be largely free of concussion related symptoms before initiating the graduated return to play protocol. The goal of the return to play protocol is to progressively increase the duration and intensity of exercise to ensure that there is no return of symptoms with physical exertion. The table below is an example of a 6-stage return to play protocol.

Rehabilitation Stage	Functional Exercise at Each Stage of Rehabilitation
Day 1: No activity	Complete physical and cognitive rest

Day 2: Light aerobic exercise	Walking, swimming, or stationary cycling keeping intensity <70%; No resistance training
Day 3: Sport-specific exercise	(Ex.) Skating skills in hockey, running drills in soccer, dribbling drills in basketball; No head impact activity
Day 4: Non-contact training drills	Progression to more complex training drills (Ex.) Passing drills in football or ice hockey
Day 5: Full-contact practice	Following medical clearance from qualified healthcare provider, athlete may participate in normal training activities
Day 6: Return to Play	Normal game play

If at any point during the return to play protocol the athlete experiences a return of any symptoms, that particular stage should be terminated and the athlete should regress to the previous asymptomatic stage the following day and then work forward.

In the instance of returning to school, if an athlete experiences an increase in symptoms with the increased cognitive stress associated with school, the athlete may be considered for academic accommodations, which may include:

- Reduced workload
- Extended test-taking times
- Shortened school day

Students needing academic accommodations will work in conjunction with the Club Sports Athletic Trainer and UCCS Disability Services.

MEDICAL CLEARANCE NOTES

Any injury and/or illnesses sustained by Club Sport Athletes which requires any referral to a Physician will require a clearance note from the Physician's office. This applies to any illness/injury which causes Club Sport Athlete to miss time from practice or competition or affects their sport participation. All clearance notes must be submitted directly to Club Sports Athletic Trainer or faxed to 719-255-4446, Attention: Club Sports. The following information should be included in the Physician's clearance note:

- The date Club Sport Athlete can return to activity
- State any restrictions and/or limitations

SPORT RATING AND REQUIREMENTS

The UCCS Club Sports Program utilizes a Risk Matrix and best practices to determine recommendations for appropriate staff coverage and Pre-Participation requirements for each Club Sport. The Risk Matrix is reassessed annually utilizing injury rates and evidence-based research. The Club Sports staff may impose additional requirements if deemed necessary. Club Sport teams should also refer to the requirements of their non-governing body to ensure compliance is being met for both parties.

* Risk Levels are based off of calculated Health Coverage Index. Ratings may change after annual reassessments⁴ equating to the highest risks/demands

** All Club Sport members are required to complete Pre-Participation Examination/Physical (PPEs) prior to any participation in Club Sport related events. PPEs are valid for Club member's entire career in Club Sports program.
(Note: Changes in medical history during Club Sport career may warrant further evaluation from Athletic Trainer and/or Physician prior to clearance to participate.)

± The Club Sports AT will be present at all on-campus practices for Club Team's with a risk level of 4.
(Note: Club Sports AT will be present for Lacrosse and Rugby practice, although current rating is a 0 and 1 respectively, due to the inherent risks associated with both sports.)

±± The Club Sports AT will be present for games/events where UCCS Club Sport team's are Home/hosting and medical coverage is required by their governing body. All Club Sport teams may request Athletic Training coverage for Home/hosting events. Requests should be submitted no later than

- Multiple home games/events are occurring simultaneously
- Home games/events are being held on fields/space belonging to Athletics (eg. Mountain Lion Park, Mountain Lion Stadium)
- Home games/events that are expected to bring in large amount of spectators and/or teams

ATHLETIC TRAINING SERVICES

An Athletic Trainer (AT) is a health care professional who collaborates with physicians to provide preventative services, emergency care, clinical and diagnosis, therapeutic intervention and rehabilitation of injuries and medical injuries.

Centura Health has a partnership with UCCS Campus Recreation to provide comprehensive Athletic Training services to all active Club Sport members at no cost. The Club Sports Athletic Trainer may refer an athlete for further evaluation, testing, or imaging to the UCCS Wellness Center, Centura facilities, or other healthcare facilities. Club sport athletes are responsible for costs associated to such services.

Centura Orthopedics' Bumps and Bruises Clinic is a service provided to all active Club Sport members. This service is a free (initial evaluation and x-rays) if the injury resulted from participation in Club Sports and has not been evaluated by another physician. All Bumps and Bruises appointments must be coordinated by the UCCS Club Sports Athletic Trainer. If the Athletic Trainer determines the athlete needs to be seen in the Bumps and Bruises Clinic to assess the extent of an injury, Centura Orthopedics will contact the athlete or athlete's parents/guardian if under 18 to schedule the appointment. Any follow up care (subsequent visits for the same injury) or additional treatment (e.g. bracing, casting, surgery, injections, MRI, CT scan, etc.) is NOT free and visits/services are billed to the patient's medical insurance

EMERGENCY ACTION PLAN

CAMPUS RECREATION EAP

The most critical aspect of emergency preparedness is ensuring that staff and officers are equipped with the skills, knowledge, equipment, and supplies to respond appropriately in an emergency situation. To ensure that staff and officers are properly trained and prepared, extensive training, certification programs, and in-service trainings will be utilized. This Emergency Action Plan will detail the steps that will be taken in the event of an emergency situation, as well as how the situations will be handled after the event is over.

The entire [Campus Recreation Emergency Action Plan](#) can be found on the Officer Resources webpage. Please familiarize yourself with the document prior to any practices, games or events in Campus Recreation facilities.

EQUIPMENT AND SUPPLIES

AUTOMATED EXTERNAL DEFIBRILLATORS (AED)

The Recreation and Wellness Center contains 5 AED units that are spread through the facilities. The units that are stored in the wall mounted cabinets are wired to send an emergency call to Public Safety when the cabinets are opened. The batteries on the AED will be checked and noted by Campus Rec staff on a regular basis and annually by UCCS Public Safety.

AED units are in the following locations:

- Front Desk (wall mounted)
- Lifeguard Office in Pool (wall mounted)
- Outside Upstairs Group Fitness Room (wall mounted)
- Upstairs on South End of Fitness Floor (wall mounted)
- Alpine Field Office (wall mounted)

FIRST AID SUPPLIES AND BIOHAZZARD CLEAN UP

First aid kits are located at the front desk, lifeguard office, and on the North side and south side of the upstairs fit floor and Alpine Field office. Fanny packs with first aid supplies, worn by the building managers may be implemented in future.

Biohazard clean up materials and supplies are available at the front desk. Biohazard disposal container is located in the laundry room, the guard office in the aquatics area, Wellness center, and at Alpine in the office. All materials that are used in the clean-up of blood or other bodily fluids need to be disposed of in that container. Never put those materials in a normal trash can.

Public Safety has provided us with a blue back pack that is intended to be taken in the event of a building evacuation. The backpack contains some basic first aid supplies, some water, flashlight, emergency blanket and other supplies. The backpack is stored at the front desk and should be taken and worn during a building evacuation. Not only does it contain useful supplies, but Public Safety will look for the person with the backpack when they arrive on scene as their primary point of contact for information pertaining to the evacuation.

WEATHER SENTRY

WeatherSentry Online® is an Internet based lightning detection and weather monitoring system that sends text alerts and emails to the Building Managers iPad and the guest services desk will also have the WeatherSentry Alpine Field is equipped with a lightning detection system that alerts when there has been a lightning strike within 6 miles of Alpine Field. The system receives information on strikes in the area through the campus internet network and depending on the distance of the strike it will send an email or text to the iPads and Building Manager's email to activate a warning and the istrike strobe light or an audible alarm that signals a clearing of the field. Specific protocols and operations of the system are covered under "Severe Weather".

SOLENOID BUTTON (SOUTH GYM)

In the event that a ball strikes and breaks a sprinkler head there is a red button on the wall that if pressed will stop the flow of water through the system to prevent damage to the floor. Once the button is pressed it needs to be held in to keep the water from flowing. Contact professional staff and Public Safety to coordinate shutting down the system so the button can be released.

FIRE EXTINGUISHERS

Fire extinguishers are located at various points around the facility. Make note of locations and always make sure that no equipment or boxes are in front of them.

Fire Extinguishers are located in the following locations:

EMERGENCY PROCEDURES

SEVERE WEATHER

Severe weather includes severe thunderstorms, floods, tornados, significant hail, significant snowfall, high winds, and frequent lightning. Any of these items which may result in loss of property or life should be considered a weather related emergency. The information line for weather related campus closures is 255-3346, closure information will also be sent out to the UCCS Alerts text message subscribers as well as to the campus e-mail network. In addition, monitor local radio, local television, 2-way radios, and internet sources (www.weather.gov) for more information should you become aware of the possibility of severe weather

ALPINE AND POOL CLOSURES:

Campus Recreation reserves the right to cancel or reschedule any reservation due to inclement weather, which may cause safety concerns for participants/staff and damage to Alpine Field. We will do our best to remain open, but if activity on the field is suspended, delayed, or cancelled, we will use Campus Recreation social media and web-site, facility signage and program methods as our lines of communicating updates on operating hours. Note: You may also contact the Gallogly Recreation and Wellness Center Front Desk (719-255-7515) for Alpine Field hours of operation and closures. The pool will close based on the WeatherSentry notification system referenced in the below section titled “Lightning”.

WINTER WEATHER

The main concern with winter weather will be helping disseminate information to the patrons concerning warnings or facility closures. Monitor local media and the weather closure line for more information. In the event of an early morning campus closure, the information line for weather related campus closures is 255-3346, closure information will also be sent out to the UCCS Alerts text message subscribers as well as to the campus e-mail network. Should a closure of the facility be mandated:

- Inform the staff of the need to close the facility
- Inform the patrons the facility will be closed by utilizing the script provided at the front desk
- Provide only pertinent information regarding the current conditions outside
- If the closure of the building is mandated the Director will initiate a calling tree by contacting the professional staff who will then notify student employees of the closure.

LIGHTNING

Our primary method of lightning detection is the WeatherSentry. It is based on real strike data and will calculate the exact distance from Alpine Field that the strike occurred. In the event of a strike within a 8-mile radius, the pool and Alpine field will be closed until no strikes have occurred within the advisory radius for 30 minutes. Specific protocols for lightning closures are listed below:

1. When a strike occurs within 10 miles it is considered to be in the “advisory zone.” Play and swimming can continue on the field and pool, but staff and participants should be aware that there is storm activity in the area. Staff should monitor movement of the storm and allow time to reach a safe location and be out of danger by the time the storm is within the warning zone.
2. When a strike occurs within 8 miles it is considered to be in the “warning zone.” When this warning is issued Alpine field and pool need to be cleared of people. When the threat of lightning is passed (30 minutes of no strikes in the advisory zone) an “all clear” notification will be given by Campus Recreation staff. At this point, play on the field and pool use can resume.
 - a. At Alpine Field, the present Campus Recreation staff member will clear the field and send all participants to a safe shelter. If Campus Recreation staff member is not present on Alpine Field, the Building Manager will attend to field to clear participants to a safe shelter and lock field doors to prevent entrance of additional participants.
 - b. Depending on the severity of the lightning in the area and the time of day and early closure of the pool or field may be warranted. Before closing either area earlier than normal, posted operating hours consult professional staff so appropriate communications can be coordinated.
3. In the event when WeatherSentry application is not accessible or Campus Recreation staff are not present, the “Flash-to-Bang” method will be used as a last resort for lightning detection. To

use the Flash-to-Bang method:

- Count the seconds from the time lightning is sighted to when the clap of thunder is heard.
- Divide this number by five (5) to obtain how far away in miles the lightning is occurring.
- For example, if an individual counts 30 seconds between seeing the flash and hearing the bang, 30 divided by 5 equals 6; therefore, the lightning flash is approximately 6 miles away.
- As a minimum, the NCAA and the National Severe Storms Laboratory (NSSL) strongly recommend that all individuals leave the athletic site and reach a safe location before the flash-to-bang method of 30 seconds (6 miles).

At Alpine Field participants should be directed off the playing surface into the storage garage (with the roll down door closed), the bathrooms (with doors closed), the Recreation and Wellness Center, or into personal vehicles in the garage.

Inside the Recreation and Wellness Center, keep patrons off the patios, away from windows and discourage use of the shower until the “all clear” is issued.

TORNADO WARNING

If a Tornado or Thunderstorm WATCH is issued for the Colorado Springs area, monitor local media for possible warnings. These can occur with little or no warning. If a Tornado WARNING is issued for the Colorado Springs area:

- Staff should inform staff and patrons of the potential for a tornado emergency and direct them to sheltered areas inside of building and away from glass and windows. Discourage patrons from leaving the building or going outside.
- Staff should sweep their areas as they would for a building evacuation, but instead direct patrons and staff to the locker rooms on the lower floor. At Alpine Field participants should be directed to the lowest level of the parking garage, as far away from outside openings as possible.
- If you see a tornado, contact Public Safety by phone or radio and notify the rest of department staff via the radio system.
- Monitor local weather data and updates sent through UCCS Alerts
- If facility damage occurs that would necessitate a closure, consult with professional staff to assist with that coordination and assessment.
- Once the “all-clear” is given, announce such information and allow activity to resume

FLOODING/MUDSLIDE

Areas in the vicinity of the UCCS campus are susceptible to flooding from the nearby bluffs and arroyos. If flooding occurs IN our facility:

- Direct patrons to avoid the affected areas, and secure the entryways to prevent re-entry
- Contact the Auxiliary Services to cut off the electricity or other utilities to the affected area
- Contact Public Safety and initiate the calling tree to reach the appropriate professional staff member
- As it is possible and safe, attempt to use towels, mops, brooms and squeegees to prevent water from entering the building.

If flooding occurs NEAR our facility:

- Contact Public Safety, providing details of damage and specific locations

OTHER SEVERE WEATHER

Other severe weather such as high winds or large hail could also destroy life and/or property. High winds can create airborne debris which could present a hazard to those outdoors or near windows. Large hail can present a hazard to these same subjects and locations. In the event of high winds and/or large hail:

- Clear the patios located outside the pool and on the second floor fitness area
- Secure the doors leading to the area until at least 30 minutes after the affecting weather leaves the area
- Encourage patrons to stay clear of windows

RAIN

While even heavy rain typically won't impact the operation of the Recreation and Wellness Center, the Alpine Field staff must consider the safety of the staff and players, as well as the potential risk for damage to turf areas when determining an appropriate response to rain that occurs during operating hours.

Professional staff and Alpine Field supervising staff will have final say in determining the playing status anywhere in the field. It is important that the supervisor work with the other area supervisors at the Recreation Center in determining a solution that is safe and meets the needs of the various programs.

Before making the decision to close Alpine Field for the rest of the posted hours, please consult with professional staff so appropriate communications can be coordinated. Notifications will need to be made for drop in participants, as well as for other programs or groups that may be scheduled on the field later in the day.

WEATHER TERMS

Campus Recreation facility operations may be impacted by a variety of weather events, among them severe storms, tornadoes, and winter weather. In determining an appropriate response to inclement weather, it is important to have knowledge of some of the common terms utilized by meteorologists.

SEVERE THUNDERSTORM WATCH

is issued by the National Weather Service when conditions are favorable for the development of severe thunderstorms in and close to the watch area. A severe thunder storm by definition is a thunderstorm that produces 1 inch hail or larger in diameter and/or winds equal or exceed 58 miles an hour. They are usually issued for duration of 4 to 8 hours and are normally issued well in advance of the actual occurrence of severe weather.

SEVERE THUNDERSTORM WARNING

is issued when either a severe thunderstorm is imminent or occurring, as indicated by radar or spotter reports.

TORNADO WATCH

is issued by the National Weather Service when conditions are favorable for the development of tornadoes in and close to the watch area. They are usually issued for duration of 4 to 8 hours and are normally issued well in advance of the actual occurrence of severe weather. During the watch, people should review tornado safety rules and be prepared to move to a place of safety if threatening weather approaches.

TORNADO WARNING

is issued when a tornado is indicated by radar or sighted by spotters; therefore, people in the affected area should seek safe shelter immediately. They are usually issued for duration of around 30 minutes. In the event of a tornado warning move to the lobby locker rooms and pool locker rooms. If there is any patron unable or handicapped, a staff member will need to assist the patron to the gender neutral bathroom located outside of Group Fitness Studio 2.

WINTER WEATHER ADVISORY

is issued by the National Weather Service when a low pressure system produces a combination of winter weather (snow, freezing rain, sleet, etc.) that present a hazard, but does not meet warning criteria.

WINTER STORM WATCH

is issued when there is a potential for heavy snow or significant ice accumulations, usually at least 24 to 36 hours in advance. Students should receive UCCS Alert.

WINTER STORM WARNING

is issued when a winter storm is producing or is forecast to produce heavy snow or significant ice accumulations.

A watch or advisory indicates that staff should be prepared to act because there is concern that severe weather could develop in a general area. There is generally not a need to make immediate changes to facility operations or programs. At this point, appropriate staff who are equipped with NOAA weather radios (found in main office of Alpine Field) should be monitoring the radios for updates and be prepared to inform their supervisors of relevant information.

A warning indicates that severe weather is presently occurring in a specific area. If a severe thunderstorm warning or tornado warning is issued for El Paso County, staff will need to take appropriate actions.

FIRE

In the event that the facility fire alarm is activated, the facility must be evacuated whether is a false alarm or not. The facility fire alarms have an audible alarm, lights that will flash and a recorded voice giving instructions for people to exit the building. If there is a fire in the facility:

- If you see fire or smoke before the alarm has gone off activate the nearest fire alarm pull station and call 911 or notify Public Safety.
- There is a giant door that is sensory dependent on the severity of the fire and smoke and will drop down to separate the North Side and South Side of the building located in front of the vending machines and Court C. Make sure EVERYONE is clear of the door way.

Since it is based on the amount of smoke is in the building it could come down at any moment during a fire.

- If it is a small fire, attempt to use a fire extinguisher to put out the fire. If it does not extinguish, evacuate the building immediately. **Elevators are unsafe to use during a fire so a handicap patron on the second floor will need to be directed to the stair case on the North side of the building by Wellness, (Or away from the direction of the fire source), and fire fighters will be sent to rescue the patron and carry/escort them safely from the building.
- Sweep assigned areas and direct patrons to utilize the stairs and nearest exit to get out of the building and to the appropriate gathering point. Don't enter areas that are filled with heavy smoke or flame.
- Once building is cleared take a radio and the blue backpack (if evacuating the Recreation and Wellness Center) to gathering point.
- Check on patrons and try to keep them warm and comfortable. If it's cold outside some may be wearing workout clothing or bathing suits.
- Contact professional staff and let them know about the fire alarm.
- Wait for Public Safety and the Fire Department to respond. Do not re-enter the building until the alarm has been turned off and Public Safety indicates that the building is safe to re-enter

If a refund is to be remitted to a club member, a Club Sport officer will complete a Purchase Request, listing the individual receiving the refund as the vendor. In the “special notes” section, the club sport officer will note the date and amount of the original payment, and include a copy of the deposit slip, which details the original deposit information, along with the reason for refund the UCCS ID number of the payee.

A copy of the deposit slip may be emailed to sports@uccs.edu or dropped off to the Competitive Sports desk. Campus Recreation will issue the payment to the “vendor” listed, and the refund amount will be shown as a reduction of revenue, in the budget.
